

Sameer Rao

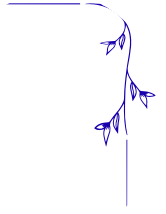

Breathing through the Bansuri

**Breathing through the Bansuri has been Sameer's
chosen path since the age of eleven**

The Legacy

Following His Footsteps..

He was nurtured in the revered Guru-Shishya Parampara under the eminent guidance of Padma Vibhushan Pandit Hariprasad Chaurasia ji.

From 2004 to 2010, Sameer lived and trained under Panditji at the Vrindaban Gurukul, Mumbai

Deeply rooted in this lineage, Sameer's music carries forward the aesthetic sensibilities and spiritual depth of his Guruji while evolving into a distinct and compelling voice of its own.

In 2010, Pandit Chaurasia Ji entrusted Sameer with the responsibility of managing and teaching at the newly established Vrindaban Gurukul in Bhubaneswar, Odisha, a role he fulfilled until 2012.

The Originality

~~Music becoming an identity~~

A practitioner of the Tantrakari style, Sameer approaches Music as Aradhana—a profound offering and meditative pursuit. His performances are marked by a rare balance: they are meticulously structured yet equally abstract.

His music reflects remarkable depth and essence, where technical mastery seamlessly merges with creative exploration.

Sameer's artistry speaks of Musical maturity, where every note is not merely played, but lived and shared.

His listeners experience a journey—introspective, expressive, and deeply transformative.

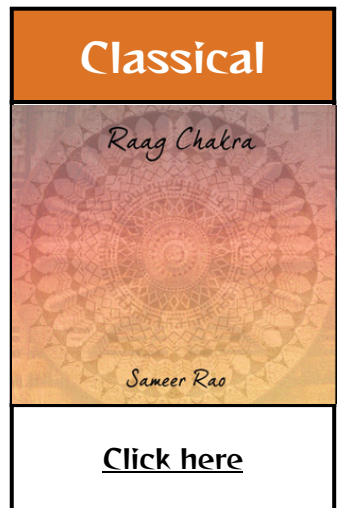

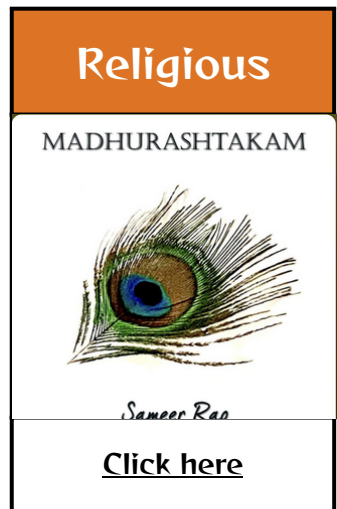

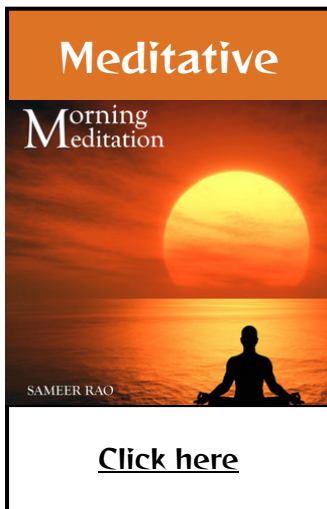

The Footprint

Through the depths of the soul

In addition to solo concerts and collaborations, Sameer composes for Music albums, Theatre productions, Dance ballets and Documentary films. He has released multiple solo and world music albums available on major digital platforms.
